

Intro to Dressage to Music with Peta Ackerley

(open to Brimham Riding Club Members only)

Before the first session let us know what level (i.e. intro, prelim or other), you want to design a test for and if you have any idea of what type of music you think you may like.

Session 1 (45min): You will ride with one other person and you will choose 3 pieces of music and discuss a floor plan with Peta.

After the session Peta will design a floor plan and send it to you to practise before the second session.

Session 2 (30min): An individual session you will warm up before the start of the session and then ride your plan to the music you have chosen as background music and we will video it for you to get the exact timings for the final music recording.

After the session you will be sent a professionally produced CD of your music (set to the exact timings of your videoed floor plan).

Session 3 (30min): An individually session to work through your floor plan and music together. Making any final tweaks.

Cost is: £15.00 per session + £20.00 for the music.

If you then want to buy a professionally produced DVD copy with your video set to the music this can be purchased additionally for £15.00 if unlicensed music and £30.00 if using licensed music.

If you then want to use the music to compete or ride to in public you would need to get licensed for a public performance for which there is a charge unless you are members of BD in which case it is free.

2017 Dates and venues are:

Tuesday 2 May (5.00pm onwards) @ Cow Myers - Session 1 only

Sunday 14 May (11.00am onwards) @ Crow Trees, Birstwith – Session 1 or 2
