Rules for Junior Series Show Jumping Competition 2025

The Competition

This is a team competition for 3 or 4 members. Team members will also be judged as individuals. Only members of the same pony club may form teams (no mixed club teams).

Allocate your team a name on entry for identification

Individuals can enter the classes

Ponies / horses must be entered at ALL qualifiers and the FINAL under their passport name.

A combination of rider and pony can only jump once in any class on the day.

A rider can jump up to 2 ponies in the same team.

A team will NOT be eligible for the final if any combination in that team has already qualified in another team at that height. This does not apply to a combination that has previously qualified only as an individual.

The combination of horse and rider at the finals must be the same combination that qualified unless the pony has been genuinely sold and replaced. The branch DC must confirm this to the organiser in writing before the final competition.

No substitution of an individual competitor is allowed at the finals.

ONLY QUALIFIED COMPETITORS MAY COMPETE IN THE JUNIOR SERIES FINALS 60CM, 70CM, 80CM CLASSES.

In the team competition at the Finals – Only ONE member of the original team can be replaced.

Members who have qualified as individuals may join one of their branch teams to make up a team of 3 or 4 at the Finals. Individually qualified combinations from the same Pony Club may NOT form their own team. They must compete as individuals, unless they have been substituted into a team within the rules.

Every combination that competes at the finals MUST have qualified at one of the qualifying competitions, either as part of a team or as an individual.
